Appliance Sales And Service Will Open In Pahokee

Plans are nearly complete for the organization and opening of Southern Appliance Sales and Service in Pahokee in the building owned by Jack Chastain and formerly occupied by the post office in Pahokee several years ago.

At the head of the new concern are two experienced electrical appliance men — Harry Brooks Elarbee and Charles Jernigan. Mr. Jernigan has had nine years experience in that line and Mr. Elarbee has been in the business for six years.

The building is undergoing a complete overhauling this week. The floors are being sanded preparatory to painting. New glass doors will be installed and the interior will be given a new coat of paint. Messrs. Jernigan and Elarbee plan to air condition the building before they open for business in a few weeks.

The new concern plans to handle a full and complete line of electrical appliances, both large and small. They will handle Amana, Westinghouse, Maytag and Lennox Control units.

Costumed youngsters will assemble in their rooms at 6:00 p.m. and the parade to and around the auditorium will begin at 6:15 p.m.

The booths will open after the judging of costumes is complete. A surprise ending will wind up activities for the evening about 9:30 p.m.

Naples High Comes Pahokee Tonight Devils Won 38 - 0

Naples High School will send their football eleven to Lair Field in Pahokee tonight to do battle with the locals who have been feeling exceptionally good since their win over Jupiter last week by the whopping score of 38 to 0.

The Blue Devils have three wins, a tie and one loss chalked up so far this season. The locals have done pretty good against all comers with the exception of that "unknown" team called Nova down at Fort Lauderdale.

Coach Pell has been putting his charges through some pretty tough practice schedules this week and wants them in first class condition when the team from Naples enters Lair Field tonight. Another capacity crowd is expected to be on hand when the Blue Devils appear and Robert O. Lampi and his Pahokee High School band take the field to entertain the paid customers.

Hall Of Fame Has Two Developers

JACKSONVILLE — Two of the state's pioneer developers and promoters have been named to the Florida Public Relations Association's Hall of Fame.

The organization's board of directors accepted the recommendations of its Hall of Fame Commission which named Henry Bradley Plant, who built a railroad to Tampa and Barron G. Collier, who developed what is now Collier County.

Plant has been dead 66 years and Collier died in 1939. They became the 14th and 15th members of the Hall of Fame, which is housed in the Florida State Chamber of Commerce building in Jacksonville.

Plant first came to Florida in 1832 and settled in Tampa the following year when he was placed in charge of an express company.

The pioneer transportation developer purchased the express business and between 1855 and 1879 acquired blocks of stock in railroads in Florida and Georgia. With associates he purchased the Atlantic & Gulf Railroad and organized the Savannah, Florida and Western Railroad. In 1883, Plant took control of the South Florida Railroad, completing a Tampa-to-Jacksonville line in 1884.

Collier, at the age of 26, had built a nationwide business in street car advertising. He came to Florida in 1911 and bought up land and timber companies until his holdings reached more than 900,000 acres in what was to become Collier County. Additional land purchased in Lee and Hendry counties pushed his holdings, to more than one million acres.

In rapid time, Collier developed the Collier line, a fleet of ships, the Tamiami Trail Tours, and brought the Lee County Telephone Co. to the area. He later acquired four other telephone companies, putting them all under one service system.

Survivors of the two men will be honored with ceremonies in Jacksonville during the 27th annual convention of the Florida Public Relations Association.

Wilson Home Is Scene Club Meet

Pahokee Women's Club members met at the home of Mrs. James Wilson, Wednesday, October 13, for their first meeting of the year. Arrangements for the sandwich luncheon were made by Mrs. Wilson with Mrs. E. C. Johnson and Mrs. R. F. Hurt, assisting.

Mrs. Johnson, president, presided at the business session at which time the members voted to purchase two pieces of art to be hung in the dining room of the new Everglades Memorial Hospital.

Miss Ethel Johnson was named student representative for the year. The October 27 meeting will be held at the Woman's Club with Mrs. James Wilson in charge of the

luncheon arrangements and will feature a highway safety program by Jerry Hawkins in keeping with the Florida Federation safety program.

Mr. and Mrs. J. V. Thomas returned Sunday from a visit with her father, H. A. Lee, and Mrs. Lee in Marianna.

Do You Pay \$431.40 In Taxes? If Not Don't Fuss Much

If you don't pay \$431.40 in state and county taxes you don't have much of a gripe coming about educating your child in school. That's exactly what it costs in the Palm Beach county school system to educate one child one year.

In many circles one hears a great deal of commendation about the present system of county and state education being carried out by school officials. Still in other circles you hear a lot of griping. And it seems strange that the major portion of the griping comes from someone who doesn't pay anyway near in taxes what it costs to educate his child. These same folks seem to think that the world owes them a living and that their child should be educated at the expense of his neighbor.

"I pay all the taxes assessed against me," said one citizen with two children in school. That total would pay one-eighth of what it costs the system to educate that citizen's two children one year.

A lot of people have no idea of the cost of educating their child in the public schools of Palm Beach County. The idea of this story is to enlighten them so that in the future when they have a gripe against the system they'll think twice before raising too much fuss.

An Electric Water Heater gives precious peace of mind

...it's cleaner, faster, cool-to-the-touch...and cheaper, too!

Install it anywhere — and you can forget it! Needs no attention... completely automatic. No open flames, no constant-burning pilot light. No fumes or odors. Doesn't need vents of fumes... so there's no heat wasted.

An Electric Water Heater (like a flameless Electric Range) is cheaper to buy... and cheaper to use, too, because the average price per residential kilowatt hour is actually 31% cheaper than just 10 years ago!

It's cheaper than ever to go ALL electric than to use it in combination with flame-

type fuels... and it adds to the joy of modern living.

See the modern Electric Water Heaters at your appliance dealer, plumber or electrical contractor.

MRS. C. W. MIDDLETON SAYS:

"What I like most about my electric water heater is that it is very compact, clean, and so convenient. Doesn't need to be vented and there's no pilot light to go out."

MRS. BILLY TURBEVILLE SAYS:

"I've had experience with flame-type fuels but could never stand the odor and excessive heat. With my electric range (also electric water heater, clothes dryer, etc.) I am free of both these problems!"

call me a cheapskate... I love it!

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

U.S. SAVINGS BONDS

Carnival Planned Pahokee School Saturday, Oct. 30th

The Pahokee Parent-Teacher Association, at the October meeting in the high school auditorium Monday night with President Don Adams presiding, voted to sponsor a Halloween Carnival Saturday night, Oct. 30 for elementary school pupils, first through sixth grades and preschool-age children. Wayne Burdeshaw is general chairman in charge of arrangements for the carnival. Costumes will be judged and prizes awarded for outstanding costumes in various classifications for each grade, details to be announced later.

Students of the junior-senior high school, seventh through twelfth grades, will not participate in the carnival as has been the custom in the past. Instead, there will be a Halloween masquerade ball for high school students and their guests, with PTA to furnish the supervised entertainment.

The resolution to conduct regular PTA meetings only on alternate months during the current school year, which was introduced at the September meeting, was again introduced at the Monday night meeting. In accordance with PTA bylaws, this resolution may be voted on when introduced for the third time at the November meeting. If it is passed by a majority vote at the November meeting there will be no regular Pahokee PTA meetings in December, February and April during the current school year, the last meeting of the school year to be in May. Mrs. Ralph Johnson, membership chairman, reported a paid-up membership of more than 216.

The monthly attendance awards went to Mrs. Dena Peel's Second Grade group at the elementary school and to Mrs. Gladys Harrison's Seventh Grade group at junior high school.

Kyle Scott, program chairman, introduced Judge Emery Newell of the Palm Beach County Juvenile and Domestic Relations Court, who told of the work of his court and explained why the names of juvenile law offenders are withheld from news media.

Rev. Guthrie Colvard, pastor of the Pahokee First Baptist Church, gave the opening devotional.

Mrs. J. E. Williams is a patient at Everglades Memorial Hospital.

Sea Lions Will Live On State's West Coast

ST. PETERSBURG—Two transplanted Californians have found the environment of Florida's West Coast so enjoyable they've taken steady jobs and plan to remain on a permanent basis.

The two Californians are Corky and Sam, two-year-old sea lions who were introduced as a new act at the Aquarium on St. Petersburg Beach recently. Just two months ago the two young sea lions were frolicking around Santa Barbara Island in the Pacific, and now they are displaying their talents at the St. Petersburg Beach tourist attraction.

Corky and Sam flew from California July 2 and immediately went into their training routine. They soon learned to perform and now have a variety of tricks which include balancing, retrieving objects, rolling over, climbing a ladder, saying their prayers and catching hoops about their necks.

"It doesn't take long to make a good Floridian out of a California native," says their trainer, Don McSheehy.

Swamp Buggy Races All Set For Naples

NAPLES—The annual Swamp Buggy Races, a unique contest in the field of sports, will be staged Sunday, Oct. 31, on the Mile 'o Mud track at this Southwest Florida resort city.

It will be the 11th running of the races which will be preceded on Friday and Saturday, Oct. 29 and 30, by the selection of a Swamp Buggy Queen, a coronation ball, a parade through the streets of Naples and other carnival trappings.

This "Mardi Gras of Mud," as it has been dubbed, has to be seen to be believed, as do the swamp buggies themselves. The ungainly vehicles are devised to penetrate the Everglades and utilize powerful motors and oversized tires to splash through the gooey terrain.

Christian, a life-long school man, took office October 1 and took the formal Oath of Office on Monday, October 4. He was named to the top school post by Governor Haydon Burns, to succeed State School Supt. Thomas D. Bailey who retired for health and business reasons.

The school system he headed in Pinellas County was named in 1960 by the American Association of School Administrators and the National School Board Association as one of the 20 outstanding systems in the nation.

Christian served as President of the Florida Association of County Superintendents in 1954 and as

So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.
